

TESTIMONIALS AND RESULTS DISCLOSURE

1. No Compensation Or Benefits To Testimonialists. None of the testimonialists on this site receive (i) affiliate commissions based on sales of products or services for which they give testimonials, or (ii) free promotional materials or free products or services to review.

2. Generally Expected Results From Our Products/Services. For Testimonials we post on our site that are in the nature of "success story" or "best-case" scenario testimonials (as distinguished from subjective opinions), we have data that will substantiate the results and also provide statements of expected typical results we believe consumers will generally achieve with our product or service, and we will provide this information upon request - email compliance.officer-at-sageflippingsecrets.com. If you do not request substantiation data from us, you should assume that the results achieved by these testimonialists are the exception and not the rule, and for this reason, you should not expect to achieve the same level of results, or any positive results at all.

3. Subjective Opinion Testimonials We Post. For Testimonials we post on our site that are in the nature of subjective opinions, we do not independently verify, nor do we seek independent verification; however, to the best of our knowledge we believe the testimonialists are giving their honest opinions. If you're not sure regarding whether a particular testimonial is a "success story"/"best-case" scenario testimonial or a subjective opinion testimonial, email our compliance officer at the email address provided above and request clarification.

4. Blog Posts by Others. We do not independently verify, nor do we seek independent verification of comments and statements that may be posted by others in blog posts on this site regarding our website, its products or services. For this reason, if others post "success story" or "best-case" scenario testimonials or positive comments (as distinguished from subjective opinions), you should assume that the results achieved by these testimonialists are the exception and not the rule, and for this reason, you should not expect to achieve the same level of results, or any positive results at all.
